NO TOLLS FOR U. S. VESSELS

WASHINGTON, August 7.—Carefully ignoring the formal protest filed by Great Britain against the house canal bill, the Senate this afternoon sustained the measure. The bill as approved by the upper house contains the provisions which England so vigorously objected to, the exemption of American shipping from canal tolls.

This action was taken despite the sturdy opposition of Senator Root and others, who declared that in so doing, the Senate was laying the nation open to the reproach of having failed to keep faith with another nation, and would deliberately break the terms of the Hay-Pauncefote treaty. The final discussion on the bill was most heated.

SAN FRANCISCO, August 7.—The bark R. P. Rihet arrived at port this afternoon, thus allaying all anxiety for her safety. The Rihet was long overdue, having left Honolulu with a cargo July 3 and sailed direct to this port. Many fears were expressed for the safety of the vessel, not only by her owners, but the insurance companies as well, which caused her insurance rates to be raised. Captain Neilson reported that light winds and calms were encountered when but a few days out from Honolulu and his vessel drifted from her course. The Rihet was due to arrive July 25, but owing to the adverse weather conditions she was thirteen days overdue.

OAKLAND MAYOR WINS IN RECALL ELECTION

OAKLAND, California, August 7.—Krank K. Mott, mayor of Oakland with his board of commissioners, who were subjected to a recall election August 6, have been retained in office by a heavy majority vote. The administration was attacked by the I. W. W. following the free speech campaign inaugurated by this organization. The women voters were responsible to a great extent for Mott's victory, having turned out in force and cast a very heavy vote. The result was also helped by the influence of the Pacific Highway Association.

SAYS FATHER SOLD HER

St. Johnsville Girl Makes Astonishing Charge Against Parent

ST. JOHNSTVILLE, July 25.—The case of Angelos Pedros and Rosie Stevens, who were arrested in Albany Monday by Chief of Police Failing, on the charge of stealing a horse and wagon, the charge being preferred by Dominic Stevens, the father of the girl, came up here yesterday, the evidence showing that the property had been returned. Justice MacMahon, before whom the case was heard, dismissed it. Miss Stevens then entered a complaint against her father, which, if warranted by facts, certainly reveals a deplorable condition of affairs. The allegations as set forth are that the girl, who is but 17 years old, was sold two years ago by her father, to an individual named Butcher, for \$200. Butcher is now a prisoner in Pennsylvania on a conviction of bigamy arising out of this case. The girl further alleged that in 1911 her father sold her to one Spavin of Canajoharie, the consideration being a horse, said to be valued at \$90, prices having dropped 55 per cent. The girl left Spavin and has now, of her own choice, taken up with Pedros. Owing to the clamorous disposition of those interested, and their friends, and the natural desire inherent in humanity to keep such abominations quiet, on the theory that sin exists, not by commission, but by detection, the court was obliged to dismiss the case. It should be taken up by the district attorney and prosecuted to a finish.

MANAGER BELL

AT SAN CARLOS

Arrival of P. J. Bell, manager of the San Carlos sugar central, is noted in the Hilo Enterprise of June 29. He is described as not a talkative man, nor one of those sullen, close-clipped men, at once the dread and terror of the newspaper correspondent, but striking the observer as nothing more imposing than a captain of industry who has done things so often that it has become a habit. Mr. Bell is referred to further as the man who erected, at Adalene, La., the largest sugar central in the world, and who built four large centrals for the Japanese in Formosa. The report goes on to say:

"Mr. Bell will go over to San Carlos Monday, accompanied by Mr. Bordman, and steps will be taken immediately to push the work of construction. Contracts for the building, and for installing the machinery, will be let at once, and railroads leading to the various plantations to be included in the central's coterie of cane suppliers, will be laid. The new company will not buy land, nor will it assist any corporation in securing it. Contrary to report, the new company is not affiliated with, nor in any way connected with the Sugar Trust. It has always run independently of that organization, and always will. The object of the company will be to develop the farms in the district where located, and to make a grade of sugar that will find a ready acceptance in the markets of the world, irrespective of supply and demand."
